1. Summary of facts known about Subject: Subject, a former member of the KPOs and secretary of the Austro-Hungarian Society, was kicked out of the KPOs in 1957 allegedly for trafficking with the Americans. More likely the KPOs got wind of OSTER's part in the "Broda documents" swindle, in which she allegedly worked with ROLF DELIUS ☐ and peddled forgeries of "secret" scientific documents from the office of Dr. Engelbert BRODA ☐ to the British. OSTER was for some time BRODA's secretary and girlfriend, and then was ditched by him. Most of this information is contained in references, and much of it came from ☐ 6-2-473 (4-61)

2. In the last six months, ☐ has mentioned Subject frequently, saying that when S/C Identity #1 of EAVA 27634 went to Israel to cover the Eichmann trial one of his tasks would be to look Subject up. ☐ who hopes to recruit Subject as an informant, knew that Subject had traveled to Israel some time ago, ostensibly to visit an aunt there, and had not returned to Austria. ☐

3. Identity mentioned above has been corresponding with ☐ from Israel on topics of CE interest. At a meeting with ☐ on 21 March 1961 the undersigned read a report sent by Identity to ☐ saying that he had not as yet been able to locate Subject. She was not in attendance at the EICHMANN trial (as ☐ said Identity thought she might be). Identity had found out that OSTER had worked as a secretary for a short time for the Austrian Consul in Haifa, but had been fired for incompetence. ☐
